

FLOYD TABLE

design Piero Lissoni

Coffee tables available in different sizes. Frame made of two 5 mm thick laser-cut steel sheets with a central support in Ø20 mm steel tube, with epoxy polyester powder coating in Gunmetal grey or burnished color. Floor support provided by plastic feet.
Wood top: shaped and beveled 20 mm thick MDF top, veneered in the upper surface only, in charcoal-dyed oak or Stone Oak® with water-based acrylic finish, or in tobacco-dyed oak with acrylic coating; edges and bottom always painted in matte black.

Porcelain stoneware top: shaped 12 mm thick top (straight edge), available in the collection finishes, paired with a 2 mm thick steel sheet support.
Marble and quartzite top: available only for the 53x40 cm size. Shaped and bevelled top, 15 mm thick, bonded to a 2 mm thick sheet metal support. Available in Deep Blue quartzite, or in Nero Marquina, Bianco Carrara, Rosso Levanto, Sahara Noir, Forest Green or Grigio Orobico marble, with a satin finish and matte transparent protective coating, or with a glossy or matte polyester finish.

Notes

Wood is a living material; therefore, it can have slight color and dimension changes. The presence of any non-homogeneous color shades is not to be considered a defect but a quality. Please note that the direct sunlight exposure may alter the wood color; therefore, we recommend the periodic position shift of the objects placed on the furniture for the first months to avoid differences in shades between exposed and covered portions.
STONE OAK®: this wood owes its particular coloring to an entirely natural process. Because of this, some slabs may look more brown than others. Our commitment is to provide you a high-quality product; any differences in color should not be considered as defects.

On request, an additional protective (acrylic solvent) painting is available for the Stone Oak® finishing only. It should be noted that this additional coating slightly changes the natural color and texture of the surface. Although this supplementary painting increases the surface resistance, it is still a natural material; therefore, small superficial stains, due to oil or other substances, must be promptly removed, before being absorbed in depth by the wood. Thus, we recommend regular care and maintenance.
Marble top available only for size 53x40x42cm. Please specify the required finish in the order.
For marble finishing with opaque matt polyester finish, the “Marble” Maintenance Kit is included with the product.
